**\*The data show that the 8 anonymous responses are all Design Team members, and can be identified based on their responses. The question is whether those members are more comfortable being anonymous in sharing their information. If so, I recommend we not try and identify them or other respondents in any reports.**

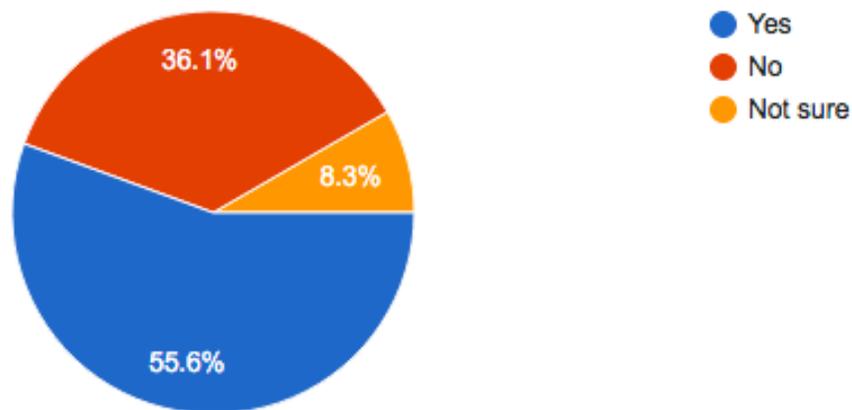

1. What aspects of the TRHT Selma Project are you (or have you been) involved with? (Please check all that apply)

36 responses

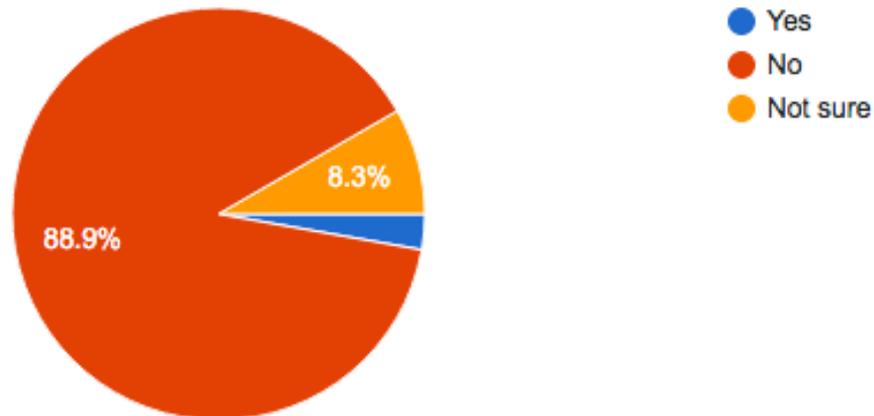

2. Is anyone in your household, including yourself, considered "high risk" for COVID-19 infection? This includes older adults, people with chronic illnesses like heart disease, diabetes and/or lung disease.

36 responses

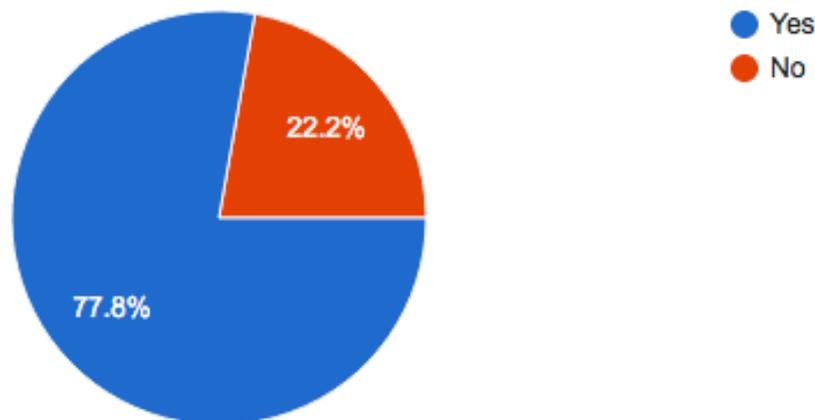

3. Does anyone in your household, including yourself, show symptoms of COVID-19 infection? For example, fever, tiredness, dry cough.

36 responses

4. Do you have access to medical care facilities? Or do you have health insurance?

36 responses

5. What are your plans to ensure that you and your family stay healthy during this crisis? 35 responses

- To stay inside as ordered and keep out surroundings sanitized
- Where PPE and social distancing
- Stay at home, social distancing, mask, hand washing, hand sanitizer
- Staying at home
- Follow self-isolation. Limit trips outside of the home other than those necessary to pick up groceries and to exercise. Do not go inside stores. Conserve resources at home.
- Stay inside as instructed keep clean and sanitize
- Stay home, and mask and glove up for essential travel. Wash hands, wash, wash, wash!
- Use PPE, and live a healthy live style and practice social distancing
- Staying home and wearing masks when going is necessary.

We're able to stay home

Social distancing and staying home

Limit time out in society, practice social distancing, and where face coverings when needed.

Steamings, vitamins, washing hands, staying positive and informed social distancing, wearing masks, healthy eating

Seek to follow the state mandated policies and use common sense

staying at home

Staying at home

Follow ADPH and CDC guidelines on social distancing and safer at home orders.

Be safe. Practice social distancing. Go in public as little as possible

Following health safety guidelines

Follow Shelter-in-Place

Stay home except for work in essential business, wear mask in public, wash hands a lot

Practicing Social distancing & Sanitizing

continue self-isolation

Quarantined, physical distancing, wearing a mask, wiping or spraying down everything that comes into the house including groceries, mail and packages.

I plan to continue working from home and we will continue to limit our contact with others who do not live in our home.

Minimize contact with groups over 10, cover my face, minimize leaving home.

Staying home, practicing social distancing, wearing face covering, hand washing, healthy eating, positive self-care, practices (praying, walks outside in safe areas, sitting in the sunshine, reading, listening to music)limiting television coverage of dismal news while staying abreast of current events, and frequent connections with my children, other family members, spiritual leaders, neighbors and co-workers via social media platforms.

Wearing mask and abiding by CDC guidelines

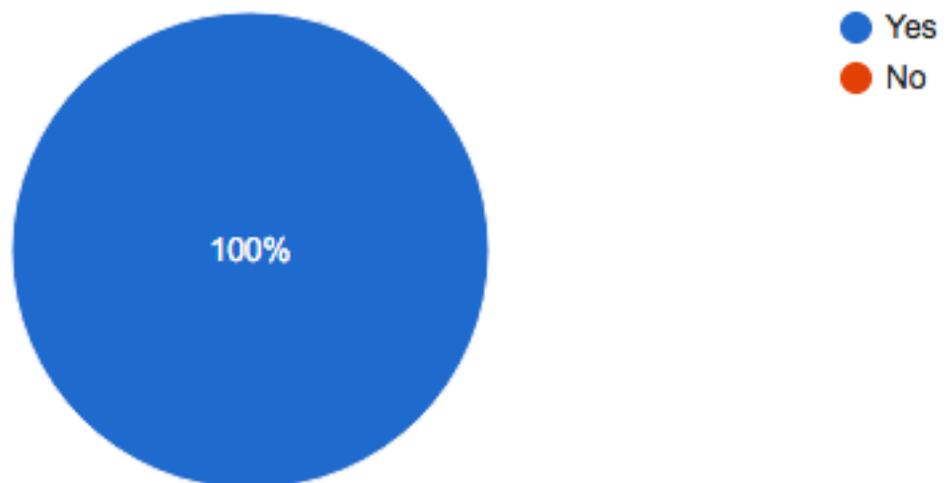

Staying home as much as possible

Continue to Quarantine and practice Social Distancing.

Practicing social distancing, staying at home as much as possible and stepping up hand washing after going out in public

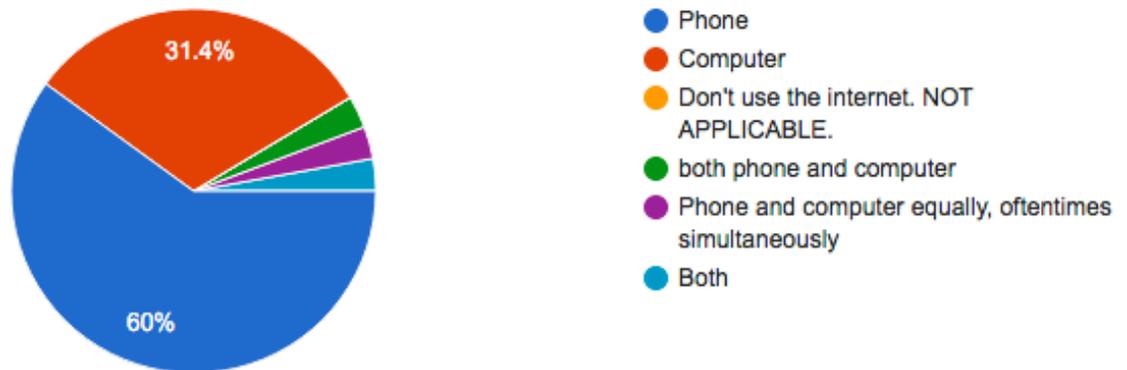

## 6. Do you have access to the internet?

35 responses

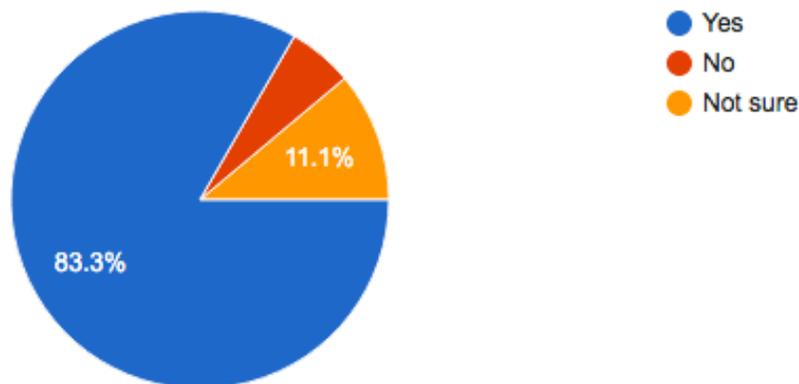

7. If so, do you use your phone or computer to access the internet primarily?

35 responses

8. Would you be willing to participate in TRHT activities online using tools like, video and/or teleconferencing, webinars, etc.? Note that BBCF is providing access and instruction on using online tools free of charge to TRHT Selma participants. These include applications like, Zoom, freeconferencecall.com, and Doodle.com. This is subject to change in the future.

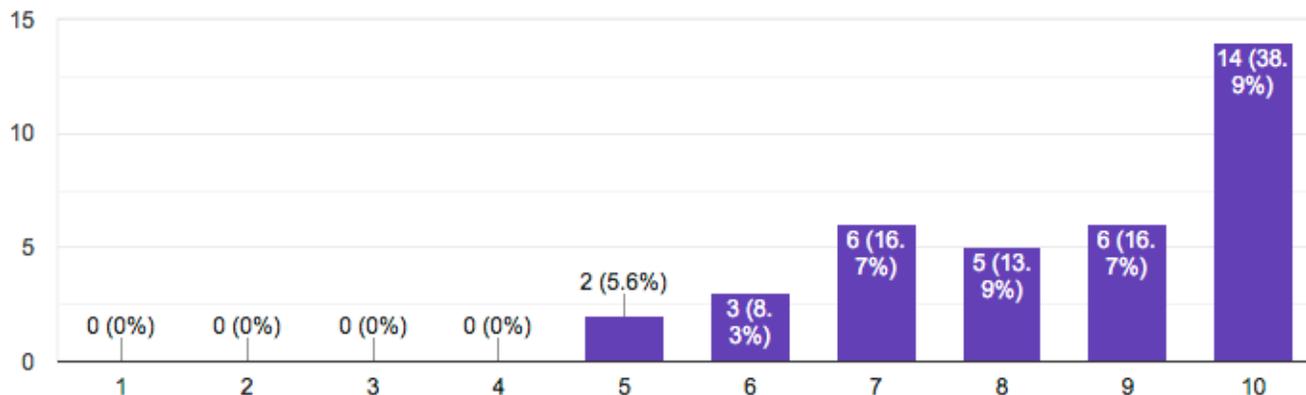

36 responses

## 9. How has the COVID-19 crisis impacted your view of the importance of TRHT Selma Project?

36 responses

## 10. How can the TRHT Selma Project Core Team better assist your efforts to respond to the impact of COVID-19? 24 responses

They've done an awesome job already.

Not sure

Provide information, connections, keep projects going

By all of the members filling out the survey herein.

Encourage people to only conduct essential travel and comply with preventive suggestions.

Provide information about health care and social distancing to at risk communities

Providing education and accoutrements to the community, such as masks, sanitizer, tissues, etc

Economic help for Selma will also impact me

NA

Got some good Jazz recommendations :-)

conduct more virtual events

Assist The Coffee Shoppe in securing technical consultation to assess current technology and develop a plan for business continuity.

The Team could probably help recruit youth that would benefit from camp participation this summer.

Assist with providing our scholars devices with built in internet access to complete work electronically and join classes to receive instruction virtually.

Community education about social distancing, wearing masks, and hand washing

n/a

they cannot

Help small businesses not covered by the federal packages like those with felonies, bankruptcies, child support, etc.

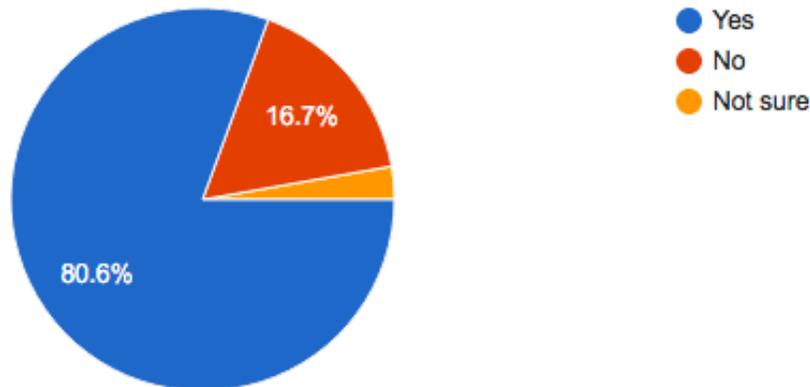

A full educationalmedia blitz of best practices to stay safe and healthy.

Continuing to inform the community at large of pertinent issues that affect them, both directly and indirectly using conference call/ media/social media during this time of social distancing. In addition, providing on-going opportunities for persons to ask questions and receive meaningful responses based on their education level.

Keep the community updated on resources and any new developments.

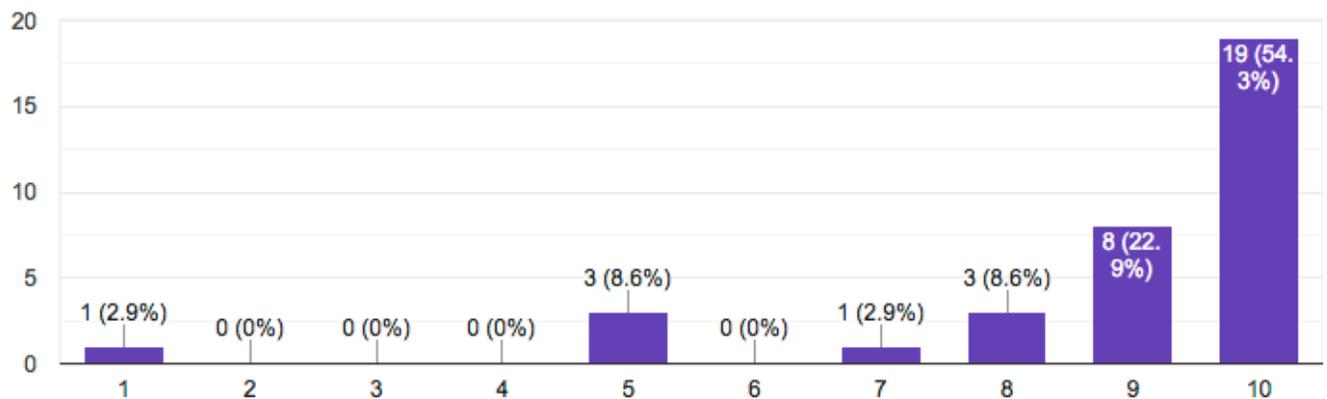

11. Have you seen the W.K. Kellogg video showing the TRHT Restorative Justice work being done at R.B. Hudson Middle School? For reference, the video can be seen here: <https://www.youtube.com/watch?v=j31Cx56ngjM>

36 responses

12. After seeing the video, what impact does it have on your opinion of the importance of the TRHT Selma Project?

35 responses

13. Is there anything you would like to ask the TRHT Selma Project Team or add to your responses? 18 responses

No

Let's keep going

I have been inspired by the team cohesiveness shown to the work amidst the disruptions and challenges presented by the COVID-19 health crisis.

No they've done a good job already

In order to reconcile we, all, must heal. We need to stop trying to punish each other or "get even" for being whatever race. I am seeing more racism/classism than ever. I'm seeing it with the influx of Asians, white, and black people. Can we do whatever it is we need to do to promote healing from our ugly past? Because I see the ugliness present in this COVID19 handling. I've seen it come full circle

on the beliefs of people, based on what someone else does or doesn't believe. Who cares what epidemiologists with decades of education and experience say? Saddest thing I've ever seen. Politics and race. Keeping us from being our best. Keeping us from complying with God's 2 greatest commandments. Ok. Rant over. Thank you all for what you are doing. I hope to see the time come for racial healing and unity. Still a lot of bitterness and "get even" attitude held. If we are to overcome racism, we must truly be truthful and Honest. We are in need of healing. I'm not sure what that means.

NA

Not at this time

no

How committed and passionate are we to completing the work that has been started?

The video again states the problem without any concrete steps to resolution

n/a

The RJ leader mentions "systematic changes are going to happen all over Selma." How will those come about and how will the TRHT Selma Project Team implement them? Thx.

Clearly outline the role of the MST, share regrating plan, endowment plan, etc.

Just an encouragement to continue the positive work that is going forward.
